Europoints

Eurotan is now introducing Europoints! Europoints offers you, the customer more flexibility. Our salon utilizes four levels of tanning to help you achieve a rich, dark tan. With Europoints, there's no confusion when buying a variety of tanning packages.

How it Works

Purchase a package of Europoints that meets your tanning needs. Now you can tan in any of our four levels of tanning, achieving the full benefits of each of our beds. The number of Europoints used for that bed will be deducted from your Europoint package.
